PRIMARY EXAMINER

Reasons for Allowance

1. Claims 53-75 are allowed. The claims will be renumbered as 1-23.
2. The following is an examiner's statement of reasons for allowance: the closest prior art to Weston, et al does not disclose or fairly suggest, among other things, indexing images using information from each image, detecting the location and identification of each face in a group of still images; and analyzing the plurality of photographs to detect and identify, from information in the photographs, generally all faces of the persons in each of the scenes. Hence, and in view of applicants' amendment, arguments, and in combination with all of the other elements of the claims, that claims 53-75 are allowable over the closest prior art of Weston, et al.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
